STARTUP
VIRGINIA

Who We Are

Startup Virginia (SVA) is a nonprofit, high-growth business incubator and entrepreneurial hub where innovators can learn, collaborate, and grow.

Mission

We support startups and innovators with an engaged community, holistic programs, targeted resources, and dynamic workspace to help them reach their full potential and positively impact Virginia's economic landscape

Vision

To establish Virginia as a hub for high-growth startups and innovators that are advancing our economy and positively impacting our communities

Financial Model

We are a 501(c)(3) nonprofit with an annual operating budget of \$1.08M for FY2025

"Startup Virginia has been a pivotal resource from ideation phase to now supporting us through our growth phase. Both from the northeast, Startup Virginia was the reason we moved to Richmond to build our company. From the co-working culture, to accessibility to mentors, to the passionate support network, we can't thank Startup Virginia and the Richmond entrepreneurial ecosystem enough for creating a safe yet motivating space to bring our ideas to life."

How We Help Startups

The incubator is our core offering, providing startup founders with individualized support and access to key people and resources to help them grow their businesses.

→ Stage-Specific Guidance

Personalized support through frequent meetings with our team, guiding startups as they ideate, launch, and grow

→ Mentors + Corporate Partners

Subject matter experts and local corporations provide pro bono guidance and technical assistance throughout the startup's journey

→ Investment Readiness

Pitch practices, pitch deck feedback, and individualized fundraising support

→ Local + National Resources

Access to business tools and platform credits, student intern opportunities, and other key business resources

"Startup Virginia has been at the center of Richmond's entrepreneurial ecosystem for me—connecting me with founders, investors, and resources that move the needle. The team is not just knowledgeable, but is genuinely invested in helping founders succeed."

Margaret Upshur
Founder, Mobius Materials

→ High-Impact Education

Startup-focused workshops to address business needs and holistic programs to help founders build leadership skills

→ Workspace + Community

Subsidized offices, flexible workspace, and events where startups can find inspiration and connectivity

"Startup Virginia has been instrumental in our success. The team connected us with key investors, helped refine our pitch, and guided us through the complexities of term sheets. Their unwavering support and accessibility made all the difference. We couldn't have come this far without them."

Startup Virginia's Value

1 SVA helps startups grow faster and smarter than they would on their own

SVA's incubated startups consistently report revenue growth. In 2024, the 56 post-revenue companies that have been in our incubator for over a year earned **\$117 million** in total revenue, a **43% increase** from 2023. We attribute this success, in part, to the services we provide, which include valuable 1:1 guidance, high-impact education, robust networks of mentors, corporate partners, and angel investors, and dynamic subsidized workspace.

"Startup Virginia continuously provides the resources, programming, and strategic support necessary for success. From making meaningful introductions to key partners and advisors, to offering detailed guidance on navigating complex grant applications, they equip founders with the tools and insights needed for growth."

3 SVA drives economic growth and job creation

Our incubated startups employ a workforce of **1,654 FTE employees**, adding to the local economy, the tax base of the region, and the skilled labor market. Extrapolate the average salary in Richmond to the number of employees, and our startups' total economic impact is **\$105.1 million**.

"I joined Startup Virginia's Idea Factory with a business and market strategy, but the program challenged my thinking and provided the tools to enhance it. With the sessions, process, and mentorship, I repositioned my business and saw immediate growth."
